The Sea Ray 370 Aft Cabin is a sport yacht

The Sea Ray 370 Aft Cabin is a sport yacht that enables you to spend the night or the whole summer away from home. This boat is amply powered by OPTIONAL CATERPILLAR inboards. The large engine room houses the generator, both battery banks and the accumulator for the vacuflush system as well as the tank and motor for the central vacuum system which makes cleaning the boat quite convenient. Three reverse cycle air conditioner/ heat-pumps keep the vessel comfortable no matter what the weather.

[A wide 14-foot, three-inch beam](#) enables the 370 Aft Cabin to provide ample, level walkways from the aft deck, through full plexiglass doors, to the foredeck on both port and starboard sides. Welded stainless steel stanchions with through-bolted stainless steel handrails and bow rail ensure passengers a safe trip forward and aft.

The spacious aft deck is covered by a fiberglass hardtop and has a full Eisenglass enclosure. This deck features 12-volt lighting, a built-in wet bar with sink, beverage holders, and a trash receptacle. Access to the bridge from the aft deck is via molded steps on the port side and access to the full width swim platform is through a transom door on the starboard side. A large bench seat /dock box across the back of the aft deck provides seating for 4 or 5 and lifts to provide convenient storage for lines, fenders, life jackets, etc.

On the carpeted bridge two adjustable captain's chairs face the helm station. Guests can relax on the large bench seat behind the helm seats or on the forward-facing sun lounger on the starboard side. The aluminum-framed Venturi windshield is tinted for optimum viewing. The center helm station has burl instrument panels with custom backlit instrumentation and a B & G 2023 electronics package that includes, radar, a GPS, a VHF marine radio . a remote control for the spotlight mounted forward of the bridge, Fusion stereo system in the main salon, speakers on the bridge deck, aft deck, both sleeping cabins and main salon. The Bridge is protected by a canvas bimini with Eisenglass side curtains which can be rolled up to enjoy the weather. The bridge will seat 6 including the sun lounge.

Inside, there's a large main salon with a leather upholstered L-shaped sofa which converts at the touch of a button into a double bed. T The entertainment center houses a Flat Screen tv (4 total on the boat). The starboard side of the main salon has several storage cabinets as well as the main electrical panel and auxillary panel, both concealed behind cabinet doors.

In the aft master's stateroom, a queen-size bed with a storage shelf behind the head of the bed and another shelf above that along with several cabinets, an entertainment center with a TV, a cedar-lined closet and a hanging locker with mirrored doors provide plenty of room for clothing. There is even a women's vanity with several drawers below it and mirrors above. The en-suite head has a vanity with a Corian countertop, recessed sink, and a generous stall shower with a molded in seat and a glass bifold door.

The forward stateroom features a full-size pedestal bed, cedar-lined hanging lockers with mirrored doors, side shelf storage, a TV, a privacy door, and private access to the main head. Both heads feature a VacuFlush toilet, vanity with a Corian countertop and a recessed sink.

The galley has a large under counter refrigerator, seperate freezer, flush-mounted three-burner electric stove, microwave/convection oven, space saver, coffee maker and lots of storage in cabinets, both above the Corian countertop and under it, as well as a tambor sliding door storage cabinet on the countertop itself.

Adjacent to the Galley is a 3rd berth . Multiple storage cabinets and a very usable folding table. All the interior cabins except the Galley, 3rd berth and heads are carpeted in durable indoor/outdoor carpet, even the aft cockpit and bridge deck.
